“ Every now and then a memory from someone in our past that stood out will reappear. I lived across the street from Mr. McConnell in Blanchard in early 90s. I was a young boy new to the country life and he always found time to chat with me. He fixed my go cart one time and made sure I had gas to keep it running. He always knew about my jr high games and would ask about them. I remember the day he moved away. And he told me to take care of myself. I watched that moving truck drive away and he waved good bye. It was a sad day for me. I wish I could've spoke to him again over the years. But will always remember our chats together. Matt
