“ I first met Larry & Barbara in 2005, I immediately felt as though I was family from all the wisdom they shared with me. I could tell right away what a wonderful heart Barbara had. Over the years we lost contact, however in 2018 during a very difficult as well as devastating time in my life, low and behold Larry & Barbara showed up with support & kind words. I will never forget Barbara hugging me & whispering in my ear, be strong it was going to be alright. What a wonderful soul that will be missed by all.

I know this whole family. I still remember all of them from 1995 i was roommates with tammy. I was a young orthopedic student at that time. I had dinner with them at their house in the country. They're nice people. I haven't seen them in 30 years.. My name is kirk... If any of you guys out there, remember me in that family, I built prosthetic limbs right there in muskogee back then. Now I live in reno married with children and I own my own company. I haven't seen these people in so long...
