“ I met Billy through my wife Dena. He was so kind, caring, fragile and loving. He was heavily involved in Bible study. He loved the Lord and touched my heart with his love for Jesus. Thank you Billy for showing me there is hope...

“ Billy was a very close friend and confidant. He worked with me in the drug rehab industry for over 10 years. He was the most loyal employee I have ever had. Even though he was my uncle he was more like one of the dearest friends a person could have. He always loved to talk about the the Lord. He gave me and my husband the nicest bible. I read it daily and think about him when I do. He will be dearly missed. I know he was ready to meet his maker but it doesn't make it any easier on those he left behind. My thoughts and prayers are with Tina, BJ, all their kids and grand kids, and my mom Brenda, his mom NaNa and bro Greg. Say hi to Burt and Tommy for me Billy. Love you forever.
