“ *There arent many memories I have that dont include mom. Her humor is probably one of the most memorable things. No matter what's was going on, mama could make people laugh. And ooh, her laugh was contagious.*

“ *I am James Sandel's Aunt Donna and never got to meet Dawn but kept her in my prayers. My heart is with all the family and friends. I can tell how special she was. God bless each of you. Donna Box Pick*

“ *She never had a bad word to say (out loud) about anyone. Her patience with kids (all of them... she really was a saint) was admirable. She always had something witty to say to make me laugh- didn't matter how bad I felt. Her twisty sense of humor matched mine perfectly & we turned joking about the most inappropriate things to a whole new level & I loved that. She is already missed beyond measure. To her family- you are all loved & being prayed for often.*
