“ *When I originally met Don he was driving for Arrow and I worked in the Beaver Falls office. The first day he came in I had a shoe heel break. He went out to his truck - got a hammer and nails and fixed my shoe. He was always a gentleman. In 1982 I transferred to the Tulsa office. It was my honor to have worked side by side with Don at Arrow Trucking Co. in Tulsa. He was such a good man. There was so much that he taught me. We worked together for some time in Central Dispatch. What I do want you to know is how much I appreciated the love and respect he spoke so often about his family. He truly loved his wife and no one ever doubted that. There were several times I went to their home and always felt welcome. After Don retired we lost touch but he has come to mind so often. I am sorry to hear about your loss. I shall always remember Don with deep affection.*
