“ *Donna was an extraordinary woman. Talented strong good hearted. Dennis and I decided to get married and gave her a date of 3 weeks away. Donna didn't even flinch she said every bride needs her own dress. Donna made my dress the wedding cake. She acted like it was no big deal. I felt like the wedding was perfect. I love her son very much we shared 18 good years together. We had 3 beautiful daughters. Another time both my girls had chicken pox during my 25 birthday and she surprised me with pizza. Donna was a wonderful Daughter Mother Sister and Grandma. My sincere condolences to her family. Donna will be missed.*
