“ *One of my favorite memories would be her humming birds. Her love and care of these little birds was an expression of her love. She extended much more love to her family. I will miss Doris, but her life will continue to be reflected by her family & friends. Your family will continue to be lifted in prayer.*

I am going to miss my Second Momma. She was everything to me. I enjoyed spending every minute I could with her especially when she got really sick. Getting off of work and going straight to her house and taking care of her thru the night. We would spend all night just talking. So many memories. I will always love you with all of my heartl.

“ *I loved growing up next door to the Hiler family. Doris and JC always welcomed all of us kids to their home. Doris was always so sweet to everyone. I will never forget that 38 years ago when I had Melissa, Doris was so thoughtful....she not only bought Melissa a gift, but thought of me as well and bought me a beautiful red gown. That meant so much that someone bought me something too. That is how she was and how she will be remembered...thinking of others.*
