“ I have so many great memories of David , I meet him in 1968 when I was hired in the grocery business .. We became best friends and David taught me how to hunt and fish and many other things , he was like a dad to me ... We changed jobs and didn't see each other very much , but thought about him often . He would stop an see me at my work now and then I would go by now and then and see him ...  
The world lost a great man and friend , he will be missed
