“ *Ed, you will always be remember, you were good friends to Tony, my husband whom I lost almost five years ago, and also friends with Jasmine and myself. Thank you for our friendship and I will always thank you for the beautiful Flag pole you made for me and my girls for a fathers day gift for my beloved Tony. Hope you two will get together while you are up there and have a laugh or two on us down here. Blessed be to you and your family.*

“ *Ed, you will be missed brother. You were the jack of all trades, and if anyone needed anything at all you were always there to help get the project completed. Your music choices were right on. I'd often come out in the bays at the bus barn, and listen to your music for just a minute or two, to enable me to blow off some steam. To the family, please know that you will be in my prayers daily.*

“ Ed,
What a treasure it has been working with you at Hilldale. From day one you were my biggest supporter with our robotics program. If we needed it, you had it. If I had questions you were the one I knew would have the answer. Your help never went unnoticed and was always appreciated. May your family always know what us outsiders thought of you, how we respected you, looked up to you and loved your kind heart and humor and of course the choice of music you always had playing!!

*Rest in peace my friend.
