“ *I'm so sad that Granny Flo is no longer with us but I know that she's in a much better place with our Heavenly Father. Flo is Richard's, my brother-in-law's grandmother and I know how much my sister's family will miss her. She would always attend the kid's activities and was such a good grandmother. I enjoyed visiting with her and I'm so sorry that's she gone. She will be greatly missed. Our prayers are with your family. God bless, Shelly and Scott Perkins, Courtney, Destiney and Katey*

“ *I met Flo in 1979 when I first started representing Social Security Disability Claimants, and have seen her off and on through the years when I would go to the Office of Hearings and Appeals. And yes, one of her favorite expressions was "Whatever", heard that lots of times, whenever she was unhappy or happy about something. I will miss her. Flo, rest in peace. Kaethe*

“ I worked with Flo for several years at OHA. She was kind and caring. Flo was a great cook and shared her delicious treats with all of us. If there was something in our work we did not understand, we knew we could always go to Flo for assistance because she was a wealth of knowledge. She always spoke of her family with great love. May your memories of Flo bring you comfort at this sad time.

*Dear Family,*

*Your mom, grandmother and great-grandmother was not only my supervisor at OHA, but also a dear friend, she had concern for my family, especially my grandson who had an illness, I will always remember her thoughtfulness and comfort. I have and use many of her delicious recipes.*

*You all were her life and brought her much happiness, even tho we missed her in Tulsa, I am glad she was able to spend her last years with you, her family. Thank you for taking such good care of her lately when she could no longer care for herself and for others as she had previously done.*

*May the Lord bring you comfort and peace.*
