“ *Even when I was young, I used to love spending the night with Grandma. Sometimes we would go out to eat. Other times, we would stay at the house and watch some baseball since she loved watching baseball. Or on a nice day, she would take me to the park. As I think about the good memories I had of her, it would make me a little bit sad now. But she would always tell me not to get sad and think about the good times we had.*

“ *My fondest memories of grandma are from when I was a child. My brother and I used to go visit her and grandpa in Santa Barbara during the summer and they would take us to the beach and horseback riding. I also loved picking lemons from her lemon tree and helping her make lemonade.*
