“ *To Vicki and the Extended Killingsworth Family, with Deepest Regrets and Condolences.....*

I worked with James on a power plant job in Jewett, Texas many years ago. James was the Ironworker General Foreman on the job.....

And, I learned very quickly that James was a straight shooter and that he always told he truth.....

James was a strong personality and I needed that in my life at the time. I was going through a marriage breakup and I needed someone to lean on. James was that person for me.....

He helped me through a very difficult time and we became good friends on that job....

I have been wondering lately how and where James was.... Now I know why.....

I am deeply saddened to learn of his passing. This world is a lesser place without James Killingsworth in it....

But I find it very comforting to know that he is with God and that I will see him again in Heaven.....

Had I known of his passing when it happened I would have certainly traveled to Oklahoma for his service.....

James was one of the most Special Human Beings that I ever met in my entire life.....

I am so very thankful for the profound effect that he had on mine and many others lives.

May God Bless You All.....

Submitted with love and the greatest respect that one Human Being can have for another.

“ *There are so many things that I could say about James. He was funny, kind, tough and above all, a man who loved Christ. He loved his wife and daughter with all of his heart and soul. I'm forever grateful that I was blessed to have been a part of his life. James was my brother-in-law for 36 yrs. Above all he was my brother-in-Christ. I will miss you and always carry your memory with me. I know that you're now in His presence and we'll see you again.*
