*Girl, your Mom and Dad looks like are stoned out of their minds. They really were—just stoned out of their minds because they are so in love 😊 with each other. They always made a beautiful couple but now they are both giddy with all the love 💕 they have for each other. I really believe they are happier and more thrilled with each other because they know how happy they will be with each other. I don't think I ever remember seeing them this happy.. I wish I could give both of them a huge hug and a big kiss, too. I love you two more than I have words to say.*
