“ *Hello,
We studied Joan's art at my kids' elementary school. We talked about all the wonderful thing Joan did with color as well as the truly beautiful work she had done honoring the subjects of her works. As a school were are awed and inspired by her work and so thankful she gifted such beauty to the world. Told so many stories with her craft. Even still, touching the hearts and imaginations of future generations.*

“ I am so sorry for your loss. I have heard many stories about family get togethers and fun times spent in Muskogee. My dads mom is Nona (Perry) Lyons, a cousin to Joan. I wish I would have had the opportunity to know her and more of the family. Blessings,

“ I remember When Joan would come into a room she was so statuesque and she lit up the room. She was a beautiful lady. Myself and other family members were just talking about visiting her. I will miss not getting to visit with her. Her mother had beautiful artwork that Joan had painted in her home. I still have a newspaper article written about her.

“ So sorry to hear of your loss. We just found out today about her passing. I remember Joan as a vibrant, beautiful and warm cousin of my husband, Jim. She was kind and generous. We treasure the two original paintings she gave us--one of a chief and the other a landscape in Sorrento. Joan and your father grew up and played with their cousins across Harris Road--Nona, Winnie Jo, and Jim Perry. Their parents were also very fond of Joan and Billy. I remember meeting you all on Easter at the Perry house. Great memories of Muskogee get-togethers.
