“ *RIP to one of the great ones...He helped me out so much, especially last year when I got released from my residency at a local night club in Muskogee ...The very next day when he found out, he was on the phone calling and texting any and everyone from Kansas to Texas trying to find me gigs so that I could survive....He didn't have to but he did....Anytime that he saw me on the street, he would stop everything that he was doing, give me a hug and a long visit....During an event in Fort Gibson this year, he stopped his performance when he recognized me and told the large crowd in attendance that I was one of the best DJs in Oklahoma, in which I received a loud ovation....He always thought of others before himself....That's what true friends do, love and support each other....I am blessed to have known my close friend and supporter in which I did in return....Continued thoughts and prayers to his girlfriend, family and many friends....DJ T-Bone*

“ JJ, was my neighbor for the past 2yrs. I'm in bad health, he would always check on me, and made sure I was ok. We shared some great times together. I'm going to miss our talks together, he had a heart of gold. He loved his family and talked highly of them. He was a talented young man and was a great singer. He was just a good person. I'm going to miss him

“ I remember this sweet young man coming to work at Whitlock. We all took him under our wing and showed him the ropes. He always had us laughing, very humorous with his jokes and facial expressions he would make to make our days go by so much faster! I learned later on he was making music. We all went to see him play one night and I'm so grateful to hear his sweet voice playing his guitar and hearing his words to songs he wrote! He was a very talented artist! I have no doubt he was on the right track with his music career. I'll never forget you and your tender heart for caring for people. Your smile that would light up a room. Love you JJ you're so missed and loved by everyone. My heart is broken but I know you're in heaven looking down and watching over us all.
