“ *I worked with John for years at Fort Howard/Georgia Pacific. John was such a great guy and fun to work with and hang out and talk to. This world would be a better place with more people like John in it for sure.*

“ Johnny as I knew him growing up as one of my many first cousins always took time to talk with (not at) me with his great grin/smile. In our later years he always found a way to make me smile in very difficult times in both of our lives. I'm proud to have shared moments with him in our lives and hope his kind spirit lives on forever.

“ I have really enjoyed working with John over the decades and certainly missed his expertise for the past months that kept him away. His sense of humor could soften the rough edges of a bad day and he was always willing to show and share his tips to get things back on track while bringing a little laughter into the situation. We knew he relished getting time off to enjoy spending it with his family. It was obvious he cherished making new memories with you all.

So sorry for your loss

Sincerely

Bonnie Daniel
