“ John,

*I miss you man. We all do. I wished I wasn't stuck here in this dustbowl you and I spent some much time looking at together, so I could be there. Everyone I've talked to from work is taking it hard and we are each dealing with in our own way. You'd have been proud of Crystals Facebook post, it was strong, fiery and pretty much threaten anyone making this about them and not you with violence. Eric, Cochran and Willy just keep telling funny stories to remember you. Felten was going to fly out but can't make it right now. Him and I talked about possibly coming out next year when I get back. I guess it depends on how things go. Shoe, Jones and Amber are a wreck but I keep trying to get them focus on all the good memories and not blame themselves. I know that is the last thing you'd want at all.*

*I told Amber lastnight that " Im angry at the things I can't remember and haunted by what I can". Well I need to get back to work. John we love and miss you way more than I think you realized. If its true and you can't really leave till we all let you go...youre going to be around for Im thinking ...hmm atleast the next three generations atleast.*

*We miss you,*

*Tommy*

“ Remembering when John was born and what a joy he brought to so many. Prettiest chubby little baby and beautiful blue eyes. Now embraced by the peace of heaven and presence of God. Love and prayers.
