“ Junie and I worked together at the VA. When I started in 2009 she was a senior on my team and that’s where our friendship started. I could always count on Junie, either assisting with claims or some great laughs. She loved being Native, sports (fishing included), the Razorbacks, supporting her family during their activities and most of all her beautiful children. My thoughts and prayers are with her children and family doing this difficult time. She will truly be missed.
