“ Karen was one of the very very very few people I actually considered a true friend. We could sit and talk for hours and when it got dark we would be surprised at where the time went as it seems like we had only been talking and laughing for minutes. I've truly reassured my friendship with her, and always will. She has her beautiful smiles embedded into my head and heart... fly my angel friend fly... you are no longer in pain.. and have your balance back... I will see you when I get there and we can sit and laugh and laugh some more love ya sister!
