“ Keven my sweet Keven we met in the seventh grade. We were always put together Villareal and Weeks back then you were put in alphabetical order (we wouldn't have had it any other way) Keven and I never let our friendship fade we've shared good times and bad ones, she was always there for me through the bad. I love the thoughts of her laughter her witty stories and her love of Spirit. I believe God puts great people in your life! I'll be eternally grateful he put Keven in mine.

“ Teagan and I will miss you the most. You were a good friend to me Kevin and you were always there for me. I loved coming to work every morning and you asking about Teagan and what silly new pictures I had of her. You will be in our thoughts and prayers and most importantly you will be missed.

“ I met Keven in February 2009, when we trained together for our jobs at the VA. She was a very precious and dear friend. However, as of late, I did not see her much because our jobs at the VA had us in different departments; I saw her about a week ago in the VA breakroom, saying our usual hellos. When I did see her, she always talked about her son, Charlie. You could tell that she was VERY proud of him. My heart aches that Keven is gone and I find myself crying a lot these last few days, thinking about the sweet memories that we shared, the short time I knew her. God bless her family. I know they will miss her terribly; I know I will. I am praying for you.

“ Keven was a dear friend of mine. She was straight forward and to the point and that is what I loved about her! You never had to guess where you stood with her!!!! A great memory I have of her was when I was planning my wedding and she asked what line dances we would do because she loved line dances and wanted to participate! So she went on YouTube and learned the Cha-Cha slide and the wobble!!!! LOL We will never get to have that moment but on my wedding day when we are line dancing I will have her memory in my heart dancing with me! I loved her with all of my heart! She was such a special lady to me. I am sending my deepest condolences to the family during your time of loss. I will truly miss my friend.

My memories of Keven will always be us struggling through the beginning of our days at the VA. We sat close to each other in what us group of 8 ladies called the cul-de-sac at the downtown regional office, 2nd floor. She loved her son very much and I remember her always talking to him and about him. Years have taken us in different directions at the VA and I had not seen Keven in a very long time. I can promise you the last time I seen her though she ask about my 4 daughters because she always did. I still considered her my friend and every time I turn on the fan that she gave me that still sits on my desk today, and feel the cool breeze against my face, I will be reminded of you Keven. I will be praying for you and your family.
