“ *Aunt Kim..I know its been 4 years without you and I miss you so much! You died when I was 12 or almost there.I didn't really know you but I wish I had. You were an amazing aunt and when I went to your funeral I saw a picture of you holding me when I was younger and I just bursted out in tears like I am now. Grandma Aileen and dad saw me crying and hugged me and told me everything would be alright..I didn't believe them. I thought that since you were gone our family was going to tear apart. And it did. I will be 16 in December and I know that if you were here you would be so proud of your daughter.I love you and miss you and I always will. I see you in my dreams sometimes and I heard a saying that says if a dead ancestor is in your dreams, then they are in the room with you watching over you. I see papa jack sometimes too and I miss him dearly too.*

*“ Kim, your passing has been a shock and painful to all who loved you. You will no longer be haunted by the pain and memories of the past. Do know how much you meant to me and how much I loved you. We have had some wonderful times for me to remember. That is something I will cherish forever. You are in the arms of the Lord now. Heaven acquired a new angel with your arrival. God Bless You and Keep You.*
