“ *I have many fond memories of my Aunt Leslie. She was very talented when it came to anything artistic. And I remember she could turn an awesome cart wheel. Whey your a little kid those kind of things make quite the impression. I remember one time she took me skating and was supposed to be watching me but she was skating with her friend and I got brave and not sure what I did but I ran into a brick wall. I found her and she made me sit with a bag of ice on my face. She was mad at me because she told me sit there until she got back and I didn't and that is when I got hurt. I think I was like five years old. Rest in peace Aunt Leslie...*

“ *I was sixteen years old when Leslie Ann was born. I never spent much time with her but the few times in later years that I spent with her, she was warm, friendly and talkative. Leslie will be greatly missed by those that knew her much better than me. My deepest sympathy goes out to her children, brother and sisters, nieces, nephews... and friends. I believe that tears can heal, that memories can comfort, and that love lives on forever. Rest in peace baby sister, I will see you again.*

“ *Leslie Ann, my baby sister, your mother, had a very good imagination, very talented with crafts and a very good sense of humor. She went with us to Angola, Indiana and on the return trip to Oklahoma we passed "Six Flags Over Mid America" and even though we did not stop there she would tell people about her experience of riding some of the rides there. We would get tickled at her for telling this story, but never told people any different. We loved Leslie and always enjoyed her visits and will miss her very, very much. Candise, Jr. and Tasha you are in our thoughts and prayers, we love you, Uncle, Aunt Mary, John, Katie, Laura, (Mandy) and Hayden . :-)*
