“ I miss you Papa. It's been 2 years since we lost you. You will never be forgotten. I talk about you almost every day to my children to ensure they always remember you and pass down your legacy hopefully for years to come. You were an amazing man that made such a huge impact on my life. I remember the time you helped me move into my house in Ft Gibson when no one else was there for me. I remember our conversation in the barn the day I came to return the help you had given me. I will never forget my memories with you. I will always remember being a little girl riding in your truck helping round up the dairy cows to the milk barn. I wish you could be here to see my children, your grandchildren growing up. They are amazing and I tell them about you all the time. I miss you. I love you. I will NEVER forget you.
