“ *Nanny God blessed me with you 28 years ago your sweet spirit tender hands and unconditional love and warm smiles shaped me into the woman I am today. I'll miss most our phone calls and you stroking my hair and forehead and indulging in your sweet tooth with me. Loving me through the many trial of life and always being proud of me. Your unconditional never wavering love and tender hands are what I will take with me for the rest of my life and pay that forward I hoped I can be a ounce of the woman you are and I hope I make you proud in this life save me a window seat and a bowl of cream I'll see you soon love you always nanny* 🍷

“ *Margie was so kind and patient. Those long bus routes could get hot, noisy, and little wild, but she always kept her cool. I am beyond blessed to have crossed paths with Margie. Her smile greeted me in the early mornings and said good bye in the late afternoons; now I know that smile is in a better place, shining down on us all.*

“ There is so many memories I have of nana. She always made sure that everyone was taken care of before herself. She would go above and beyond for anyone. Nana would always stop and say hello to you whether she knew you or not. Nana accepted everyone. She never judged you. She cared for everyone and she was so selfless. Nana you will be greatly missed. I love and miss you forever and always.
