“ I worked with Mark at Van Buren Police Department. A big voice for a bigger heart, no man I have ever known could match him. I will miss our discussions on life, history and children. We can go fishing on Heavens golden shores, we can walk on water there, I'll bring the meat, cheese and little debbie snacks.
I truly am in sorrow for your family. Mark McGraw

“ I worked with Mark at Van Buren PD. He always had a positive attitude, was always in a good mood and had such a great work ethic. He never missed work although he was driving 150 miles round trip for a shift. He never had excuses. But more importantly, he was a great man who valued his friends and family. At times he would slide a gift card to me and tell me how much he appreciated me...but he didn't want to do it for show so he kept it quiet Lol. My guess is he did many little acts of kindness for others as well that few knew about. After we both moved on from VBPD he called me several times over the years just to chat. Such a great guy and I'm so sorry for your loss.

“ My uncle Markie wasn't just an Uncle he was my dad when I needed it and my annoying older brother. He also had my back even when I didn't know it. He would call me on my crap and telle I was a dumbass. He would give you the shirt or coat of his back ,he literally did . He was a great basketball ball player. Very poor loser. He would disagree with that. He owned every room with his presence. He was my mentor and my connection to Jesus. He told me every day to live life in the name of Jesus. I will miss him. I know he is at peace and has no more pain. It's like my Aunt Tracy said his heart was just to big for his body. Rest in peace.

“ 22 years of friendship, sure going to miss the pep talks, the threats of you driving up to give me an "ass whoopin" all the conspiracy theories you've come up with or read about, you living in the glory days of OU football telling me about how great the Sooners are every year to only be let down by their worthless coaches that all need to be fired. Don't know how Baker Mayfield is going to be able to make it another year without his biggest supporter in the world that kid and Trump could do no wrong and EVERYONE is out to get them. But most of all going to miss our friendship, your true heart and kindness and fishing and talking about life on Greenleaf. Love and miss you Mark.....going to miss hearing about all those "at least 5lbs" fish you missed. Hope you and your parents are catching 10lbs fish up there!
