“ *She was such a sweet person. We are going to miss her so much!!!! I will always remember that grin she gave during our visits. Praying for her family, her daughter who she talked about so often, her friends, all the Soonerstart families she worked with, and her coworkers.*

“ I first met Megan 10 years ago through work. Though she quickly became a great friend to me. She was a wonderful person, who always put her family first. I recall many of the conferences we attended together, she always made time to "facetime" her daughter and husband each and every day regardless of where we were. I admired the dedication she had and the special love she had. Brett and Jordan were always the great loves of her life. I loved the closeness that she shared with her mom, Pam and her step-dad, Phil. I didn't know her other family members, but I know she loved them just as much. She showed me so much compassion when I returned to work after losing my son. I enjoyed all of the conversations we had about our families. That was one of the things we shared, the importance of family.

My heart is truly broken for all of the pain and sorrow her friends and family are going through right now. Most especially her husband, daughter and parents. They will continue to be in my thoughts and prayers for the strength and comfort they will need, not only today, but for years to come. Love to all of you who are grieving the loss of this wonderful woman I was so blessed to call friend.

“ *Megan was one of the funniest people I knew! She was also one of the kindest. If someone needed a laugh or just a friend .megan was there. She had an amazing amount of compassion for others. I struggled a lot with confidence and self esteem and Megan helped me through some rough patches at Cottey. I would not have made it through my time there at College there without her and I will be forever grateful. Megan will be missed terribly but her strength and compassion will live on.*
