“ I'm still having a hard time wrapping my mind around this... You were such a kind, handsome, personable young man who had all the potential in the world to do great things. And you did do great things... You were so polite and caring about everyone you met, if you loved them they knew it. I will be sad for us here on earth but happy for you to have relief and not be anything but happy. As they are saying Fly High Nick.

“ Not a day will go by that I will not miss our arguments...the late night calls that you needed something and I would have jump and run cause to you it was urgent...taught you how to make pecan pie and then you argued yours was better...whatever you wanted you always had that way with "You know you love me" I will watch over Aiden...and God be with whoever ever tries to hurt him...thats the way you would have handled it...Love you Nick!!

“ Remembering the time we all stopped on our way out to Sequoyah Bay to help a guy who was laying in the street helpless because someone else wasn't paying attention & had pulled out in front of him while he was riding his motorcycle. Who knows what might of happened if you & Derek hadn't of been so kind hearted to help him off of the hot pavement until the ambulance came. That guy passed out until another lady came over to pray for him. Miracles are real and you're one<3 It's crazy to think we'll never get to make new memories with you but we're so very grateful for the tons we did make<3

Nick, you were too young to leave this earth. No one who has ever touched a heart like you have can really pass away, because some part of you will linger on in each memory of which you've been a part! We love you, Peggy Thornton
