“ *I am saddened by this news of Miss Olie passing away. She will forever be in my heart and I will treasure my time with her forever. She taught me so much about perseverance. She impacted my life in such a way that I learned to see life through a different perspective. She was going through radiation and was so tired and one day she said , "You know I am tired, but I can't give up because I just love life too much." She loved her family so much and still wanted to do things for them even if it was just making a pan of her yummy soup. I love you Miss Olie!!! and you will be greatly missed. Love, Cindy Frye*
