“ *Marrying into the Capps' family is by far the biggest blessing of my life. There was no greater respect of a man in my life than Ollie Ray Capps. From the first time I met this man, I could not get enough of listening to his his stories. Whenever I could, I would prod him about his time in the Pacific. When people speak of the men from the "greatest generation", this man is no exception. Fighting for our freedom during the war in the Pacific was what gave me the most envy. Then to have been the family man, the Christian man, the loyal, compassionate and "tough as a boot" man. He was the "COMPLETE" man.*

Thank you PA, for giving me the mold to emulate my life towards. Thank you for raising a son that laid down the characteristics within his family that I became a part of. If it weren't for marrying your granddaughter, learning from her, watching your son and learning from him, and yes, indirectly watching you and learning from you, I would not be the man I am today!!

Love to all our family members.
