“ *Pam & I have known each other since grade school and each Christmas she would give us (Devon Frazier, Connie Hebb and me...Janece Stovall) a egg carton full of jumbo gum balls! The BEST PRESENT EVER!!! Pam also didn't like mice. I told her they grew really big out here by Oktaha. She was a city girl & on the way back to town we saw a opossum in the middle of the road! I had to peel her outta my lap! ! Fun times. Pam was a great person & will be greatly missed. Our prayers for the family.*

“ When we were young we lived down the street from the Dials. Pam was my friend and Roger was my brothers friend. I often wondered about what had become of Pam and Roger. My dad called me yesterday and told me he saw her death notice in the paper. It made me think of my childhood friend. Just know that we will be sending prayers and good thoughts for you during this difficult time.

“ Pam was a wonderful person and an inspiration! I taught with her at Tony Goetz, and we shared many laughs! Teaching was not just a job to her--it was part of who she was! My daughter was a student of hers, and she loved and admired Pam so much, as did we all! I am sure that she is teaching the children in Heaven right now!!

“ *I have known Pam for many, many years; both as a friend and colleague. She was truly one of the very best. She was a sister friend to so many, an inspiration to all who knew her. A more caring and dedicated teacher could not be found. I am incredibly blessed to have been her friend.*

“ *Pam was a loved and respected member of our Tony Goetz family. She was also my daughter's teacher. I will rememebr the laughs we shared in the "upper hall"--sometimes they were too loud and too many--but is there really such a thing with laughter? She was truly kind, and one of those teachers that did it because it was part of who she was. Teaching was never a job for her--it was a way of life! I know she is taking care of all the students in Heaven right now!*

“ I am so sorry for your loss. In remembering Pam I think of her and our oldest daughter Debra. We drove to your house one time and found out Pam had the measles. I was pregnant with Dean so we came back home with Debra fussing all the way because she wanted the "weasles" to. She told us she wanted a ging-ging for Christmas and we could not figure out what that was. A visit to your house revealed Pam had one. It was a toy cash register and that was the noise Debra heard. May God bless and keep you. Ruby Stephenson (I have called Dean and told him I don't know if Ellis will remember)
