“ *I lived with Pat for about nine months. I vividly remember fishing at the pond and having a herd of pigs come after the fish and trying to figure out how to get Kamie and myself up a tree before they got to us while Pat laughing hysterically at both of us, & getting stuck in the dog house helping with baby chicks. I was very pregnant at the time. It's amazing how many memories I have of that time and how many of them Pat told over the last 35 years and laughing as she told the stories as if it was the first time she told it. Mom, you will be missed more than you can know. We may have been separated by miles but you were always close to my heart. Love always, Kim Williams Bagdon*
