“ *Thinking of you Paula during this time of loss...losing someone we love is never easy. May the happy memories of your mom bring you some comfort and peace during this difficult time. I have such great memories of your mom when we were kids and won't forget the other times we've spent together over the years. I know that I may be far away, but I will always be here for you if you need me. Heartfelt love and sympathy to you and your family.*
