“ *To the family of Ricky Powell , he was a great friend and a great person to work with and as a neighbor. He was always ready to lend a helping hand when someone was in need and never expected anything in return. He will be greatly missed in the barber world although it is not what it used to be. Knowing why he got out when he did has only gotten worse. The beauticians have taken over. He is one of the best to ever come out of Barber College. Just now finding out about his death or you would have heard from me sooner. I am also deeply sorry for the loss of his parents.*

*Deepest sympathy from
Derek Gawf and family*

“ I spent many hours in ‘the chair’ with Rick behind it! We had lots of conversations over the years about any & every thing! Rick was a very knowledgeable guy on about a lot of things! He loved his family dearly! He often called me ‘Pam’ & then would say well, “I did it again Susan!” “You remind me of my sister!” I took that as a compliment because I know how much she meant to him! He loved his boys too, but he REALLY was proud of those grandkids! He has been sorely missed since he stopped doing hair.... He can never truly be replaced there! He had a talent with hair like NO other! He’s been a dear friend since 1989. I’ve missed him not being in his shop. Now I’ll miss him even more.... Rest easy my friend... You certainly deserve it!
