“ My Uncle Roy always said he tired to kill me when I was little. He put me in a wagon and pulled me behind his lawn mower, would flip a hard turn and a would go rolling and jump right up and say do it again.

He locked me in Grandma's closet. Tell me why I loved this man so much. Maybe because he saved my life when I ran out in front of a big truck in front of the Diary Lunch or the many hours we spent playing with our dogs, or the many many dimes he gave me for an extra milk or recently he helped me remodel my house. My heart is broken into pieces. There is no words to express how much I loved him. Uncle Woy Gee can I have a dime.

“ School years are a fantastic period of life. Friendships are made for a life time. It is good to remember times shared with those friends. Roy and Judy were true friends of mine. We shared many wonderful and fun times together. They will always be fondly remembered.

“ I attended Grades 6-12 with Roy Gene. He was outgoing, friendly with everyone, and had a great attitude. In high school, you didn't think about Roy without thinking of Judy McGrew. They were a devoted couple and fun to be around. I have many fond memories of both. I last saw Roy and Judy at the Warner High School reunion in 2016. Even though I had not seen them in nearly 50 years, it was like always. They were just as genuine as I had remembered. He is a class member none of us will forget.

“ Roy was one of my best friends as we were growing up in Warner. We shared many things such as baseball, basketball, horse back riding, camping in the hills around Warner. His love for Judy was very obvious as he always talked about her from day one. He will be loved and missed every day by all of us.

Roy Gene and I were classmates and great friends. We were chosen to march together down those stairs into the old Warner High gym for our high school graduation. One of my fondest memories. He and Judy were a beautiful couple. I loved them and their families. Wish we could revisit those years. ❤️
