“ *I loved this woman. She is beautiful inside and out. She was my teacher in fifth and sixth grade and she paved the way in my mind for what a good teacher/professor/instructor should be like. I will never forget this sweet woman.*

“ *Sheila was our secretary at Whitter Elementary. She was so good with the students that I told her she should go to college to get her degree. She said, "I'd be ? years old when I finished." I said, "How old will you be in 4 years if you don't go?" She did get her degree and was an excellent teacher. I enjoyed her being my friend. She was funny and so full of energy. I am so sorry for your loss. I am unable to attend her service, I have a doctor's appointment at 11:30 in Tulsa. Delores (Salmon) Metzger*

“ Mrs. Trussell was my 5th grade homeroom teacher. I can't explain the impact that she made on my life at a time when she was needed the most. She was always available for giant hugs, even through my adult years whenever we would run into each other in public. I recall her wearing apples on some of her clothing. She loved being a teacher and she helped raise a good amount of us students. My extended condolences go out to her family and friends at this time. Thank you for sharing her with us.

“ Shelia welcomed me with open arms into the Tony Goetz family, and even after we were both gone from there she still remained a big piece of my heart. Her smile, warmth, love, and motherly advice was always appreciated and will never be forgotten. My prayers are with her family.

“ I was a foreign Exchange student and mum Sheila took me in her home as if I was her own daughter. She Made my year USA just great. As did Tina and Ashley. About every 5 years I came back to see her and it was a party every time. She loved my family and I will never forget her and all the warmth and love she gave me. Wishing Ashley and the rest of the family allot of strenght. Lots of love from Holland, Audrey Schievink-de Boer

“ *A newly retired teacher from CA, I missed my class. Sheila generously shared hers with me for several weeks until I was over the worst of my depression over leaving school. I'll never forget her kindness. She was a loving and caring teacher. Her students were lucky to have her.*

“ James Hodge Ford had and Walls had a bungee jump between the two and I just went to watch. Sheila was there because her nephew was there and he wanted to do it. I told her I secretly wanted to do it but my parents would kill me! I was babysitting kids and I did not need to do this but she worked her magic and talked me into it! It was a blast but when I finally told my folks I told them it was Sheila's fault and she made me do it! Ha ha! Love you and will miss you sweet lady!
