“ Steve... you've always been more of a blood brother to me than a brother in law. My parents, 6 Brothers and 2 Sisters ALWAYS considered you as another brother in our family. Over the last 40 years (give or take) we've shared many adventures. Some didn't end as we had anticipated, but most were great and I will cherish those memories for the rest of my life. Being at the lake was always our safe haven away from work and all the problems of daily life. Those will be missed the most. I will continue our annual pilgrimages to the lake during our birthday months as long as I am able. I know you will always be there watching over me with that contagious smile. Thanks for all the memories. I love you brother.

“ Brother Steven - we couldn't have had a better brother. We shared a lifetime of adventures, built lots of great memories, worked hard and played hard together, hunted and fished on the farm, rode horses, harassed Mom with snakes in the henhouse. Best of all was working together. You never gave up dreaming, right up to the end. The clock ran out before you finished. You're at the Big Lake in Heaven now, kicked back and having a good time. See you there when we cross the road to the other side. Love you always, Terry and Carol
