“ *I’m sending my deepest condolences to Troy’s family especially his mama, daughter, and all his amazing grandbabies. I had the honor of getting to know Troy at the start of his dialysis journey, I was his first tech and as all my coworkers claimed “Troy’s favorite” but in all honesty he was mine. This was something new to both of us and we took care of each other and he was so patient, I taught him his prescription so when I wasn’t there he could make sure he was getting the right sized stuff, and even after I transferred clinics he still texted every holiday, birthday, the birth of my baby, and just randomly to say “Hey kiddo I love and miss you, wish you worked out here to take care of me.” He was my first patient to take care of solo but really I think he took care of me and his loving memory will be shared for years at the Muskogee Davita* ❤️ 🚗

*Back-in-Time was a unique restaurant because of Troy. It was more like dining with your neighbor than going out to a restaurant. We knew the staff there and many of the patrons. Troy always greeted us warmly when we came in. We shared medical status. We shared the comings and goings of the city. We shared whatever. We just felt comfortable and at home. We will very much miss Troy and dining with him. Rest in peace my friend. Judy and John Howard*
