“ *My Mother was the best person and friend to everyone. She was loved by so many. My Mother was so happy and she was so sad to be in that place she was taking too. I and Kurt got to see her on FaceTime once. We just cried together. I don't understand that in Three months, they told me she had 4th stage cancer. They said they couldn't operate or she had no Gemo therapy. We all love my our Mother. It's really hard to know what happened to this beautiful Mother that had been to doctors all her life. She was ready to go to the Lord. I talked to her about this. She told me that she was not happy anymore and she was just so sad. I know my Mother is with the Lord and the rest of her family. She with be with my older brother Ron. This was never mentioned butt I have too because she was married to her last Husband John Reed. He as well past away. I know she would want him mentioned. She loved him so much. Last I love and thing about you ever hour off the day as well as everyone one else. Mom I love you so much and I know you are at peace now. I still call your number and know answer. Our Beautiful Mother is in a very good place now. Love you mom.*
