“ Yahir was such a good friend to me. During class he would always point out that my socks looked funny because they were fuzzy or that they didn't match. He was always smiling and listening to music. He worked hard in school and at his job. Yahir had the best sense of humor and a great personality. I will never forget his smile or how he was always so well presented. My classmates and I are still reserving his seat for him for the day we see him again.

“ I enjoyed having Yahir as a student. When calling roll, I'd ask, "Are ya here, Yahir?" He'd humor me and laugh. I'm going to miss seeing his smile and asking him about his day. He was a great student, person, and friend. I am holding his family up in prayers. I'm so sorry for your loss. He was a special person to many people.

“ No, this is so sad the best part of my Chick-fil-A experience. When I asked him how to say his name and we use to always laugh about it because I would always say did you hear that? But he was a kind person definitely going to miss seeing him around at Walmart and Chick-fil-A !! Prayers goes out to the family. 🙏🥹

“ *I always go through chick-fil-a drive thru and he would be there and he was so sweet to me. And I loved how every time I went he was always smiling even though he was really nervous. Rest well.* □
